LOCAL AND GENERAL NEWS.

Around Home News.

Rev. James Miller will open a "Series of Evenings with Great Authors" on the 22d inst., next Friday night. Subject, "Carlyle and His Religious Notions." —*Decatur Courier and Advertiser.*

The city council at Tuscola failed to pass the cow ordinance over the mayor's veto, and the bovine family again roams the streets at will.

Mrs. C. V. Wiley, of Paris, has entered suit against the Glasco Brothers, publishers of the *Charleston Planadeer*, for \$5,000 damages for an alleged libelous statement.

A carload of fish were placed in the Embarras river at Charleston last Wednesday. The lot consisted of about 4,500 breaking fish of the following varieties: black bass, white bass, croppies, strawberry bass, ring perch, blue sun-fish, dolly varden and copper-nose. They were consigned to the Charleston Fish Protective Association.

A Grand Army Post has just been mustered in at Jacksonville, Ill., composed entirely of colored ex-soldiers who were also slaves. The Post stands out with a membership of twelve, and is called "Abraham Lincoln." The name is most appropriately chosen, and the occasion was a notable one.

The New General.

Co. JAMES H. Barkley, commanding the Second Regiment, Illinois Uniform Rank Knights of Pythias, has just returned to Springfield from Chicago, where he has been in consultation with Major General James K. Canfield, commanding the Uniform Rank, K. of P., and Brigadier General E. L. Brandt, commanding the Illinois Brigade Uniform Rank, K. of P. General Brand having resigned, the command of the Illinois Brigade was tendered to and accepted by Col. Barkley, who will announce his staff appointments in a few days.

The Uniform Rank is the most thoroughly organized and drilled of any organization in the country outside of the National Guard, and with an efficient commander as Col. Barkley the rank in Illinois will be an honor to the state. The headquarters will be in Springfield.

Williams' Australian Herb Pills.

If you are yellow, bilious, constipated, with headache, bad breath, drowsy, or appetite lost, try our pills. One box of these pills will drive all the trouble away and make a new being on you. Price, 25 cents. John A. Swannigan, agent.

The Musical Tin Soldier.

This evening night comes Hoyt's funny comedy, "A Tin Soldier," given by the strongest company that has ever produced the play in Decatur. The Chicago *Inter-Ocean* said:

At the People's this week Frank McKee's company in "A Tin Soldier" is giving a performance that wins the laughter and applause of large audiences. The company is in much better working order than when it was last seen in this city, and the performance averages well with previous representations of the piece in this city. St. George, Hussey, as Violinist, is one of the best delineators of Irish fiddle music; the part hereof, Eddie Blodgood is more and active as Pater, his dancing being a pleasing feature. Louis Wesley is the serenade Rats, Paul Dresser is the Dimples; Mr. R. C. Vernon, the Brooklyn Bridge; Miss Neill Hawthorne, Victoria; Miss Belle Stapleton, Carry Story, Mr. Murphy, the Italian. These work very well together now and give a most admirable performance.

BUCKNER'S ARTICA SOAPS.

The Best Soaps in the world for cuts, sores, scabs, blisters, salt rheum, fever sores, blisters, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. DAILY REPUBLICAN.

R. E. HAMSHER & J. R. MOSSER.
HAMSHER & MOSSER, Prop'trs
DECATUR, ILLINOIS.
Entered at the Post Office at Decatur, Illinois,
second class mail matter.

MONDAY EVE, NOV. 18, 1889.

Driven From His Empire.
Dom Pedro, the late Emperor of Brazil, who was deposed from his throne was not permitted to remain long in the country, probably least by might foment disturbance and rally around him a band of adherents to recover the throne. He departed on a steamer for Portugal on Saturday, after being assured that he would be granted by the Republic a sufficient sum to support him in Europe. Thus in twenty-four hours an almost bloodless revolution overthrew the empire, established the republic and banished the Emperor. It is not often that a change of government is effected and a new form set up in such a brief period. It is not apparent that any violent disturbance characterized this change, and from Portugal, the mother country, comes a report that similar events are possible in that country, the people of which sympathize with the Brazilians. These times seem to be portentous of evil to monarchs, the human family everywhere seeming to be bent on trying the experiment of self-government. The long reign of Dom Pedro has been characterized by a wholesome regard for the public good, and the Emperor has been ardently devoted to every modern idea, save those pertaining to government affairs. He will go to his enforced retirement followed by the best wishes of the world in general.

Miss WILLARD's salary as president of the Woman's Christian Temperance Union is \$2,000 a year.

Ges. J. W. VANCE, of Springfield, Adjutant General of the Illinois National Guard, who came to Decatur Saturday to meet his wife, was the guest of Major Frank Wells, Captain Bradley and Lieutenant Colonel at St. Nicholas.

Mrs. CLEVELAND has recently surprised many of her personal friends by displaying a wonderful knowledge of politics and politicians. She finds untiring interest in reading and discussing the National politics, and she keeps up a regular correspondence with a few intimate friends on the subject.

The official canvass shows that the number of Republicans in the new Senate of New York is 19 and of Democrats 13, while in the Assembly the Republicans have 71 members and the Democrats 57. That is to say, the Republicans have a majority of 6 in the upper branch of the Legislature and of 14 in the lower branch. Last year the Republican majority was 10 and 30 respectively.

ALLEN G. THURMAN, in the opinion of the bosses of the Dem crew, is never old when the party needs him, but is always too old when it has important offices to give. President Cleveland thought him too old for a place in the Cabinet in 1885, but deemed him young enough for the second place on the National ticket in 1888. His age, too, will rule him out of the list of Senatorial possibilities now, but it is safe to say that in the Presidential canvass, three years hence, and in the gubernatorial campaign four years from now, he will be called on for help if living.

Sr. Louis has the meanest sneak-hed of the lot. His name is Paul Banton, and his scheme has been to attend the funerals of wealthy people, garbed in a decorous black in order not to excite attention and rob the promises when the coast was clear. He had been known many times to weep violently and support sorrowing women at the casket, in order to play out his part with proper realism. He has been thoroughly identified and will doubtless get a fitfully lengthy term in prison.

Chicago Grain Market.

W. F. BUSHER not going to Chicago. But going to stay right here and continue to sell boots and shoes cheaper than his brog, bluster and blow weight who claim again that they are going to close on their business in Decatur and go to Chicago. The people will not be deceived again, as this is the same old story for the past six years. It galvanized every fell with a new elixir of life. I have no old shelf-worn goods which I have to sell at a pretended half price, as I get all my goods made suitable for the trade. I am prepared to meet all prices, and offer no deceiving advertisements. Call and examine the goods. I can save you money. Respectfully,
W. F. BUSHER.

THE FIRST SNOW.

A Wintry Blast and Its Effect
on the Electric Railway Line.

Decatur had her first snow of the
winter on Sunday, and it was something in
the nature of a blizzard, with the wind and
snow.

It was a wet snow. It began with a
blast at about 10:40 a.m. and turned into
snow, which fell with more or less rapid-
ity until after dark. Had the ground
been dry, instead of wet, no doubt there
would have been enough snow to afford
shelter. As it was, the small boys
were out with their sleds.

The effect of the sleet and snow on the
electric street railway cars was interest-
ing, because it had been only a matter of
speculation as to how the companies
would get along when sleet and snow
came. Out on Condit street, where cars
do not run so frequently as on the depot
line, the rails became partly hidden by
snow and the cars could not be stopped
for passengers to get on. They could be
run very slowly, but if they were stopped,
they could not be put in motion again by
electric power because the snow broke
the circuit. Then there was some trouble
with the trolley, where the sled had
formed on the conducting wire.

This slight touch of winter weather was
of value to Manager Ferguson who has
adopted measures to battle successfully
with the drawbacks of the winter season.

He will fix up a scraper to keep the sled
off the wire, and the trolley will be kept
clear of snow by using salt and the snow
shovel and brooms.

Grand Lodge Meeting.

This week the Grand Lodge of Illinois
of the powerful order of Odd Fellows will
be accorded the freedom of the city of
Springfield. This great benevolent society
numbers in the United States over
600,000 members, and in the empire state of
the west 35,000, and is one of the most
rapidly increasing orders in the United
States. The conventions of the order in its
various degrees and subdivisions to be held
in Springfield will draw hundreds of
delegates to the capital and will be
one of the greatest assemblies of
kind ever held in the state of Illinois.

Harry Scanlan of 186, and E. J. Leighton
of 63, are representatives from Decatur
Lodge. The Patriarchs Militant will be
there to compete for a prize, and a strong
effort will be made to select Geo. W. Patterson Grand Lodge Secretary.

Brought to Time.

John W. Clark, who over nine months
ago betrayed Fannie Miller, was arrested
Saturday at Mt. Auburn and was brought
to Decatur on Sunday by Constable Joe
Johnson. To-day John married Fannie, and
he will try to take care of his wife
and his child. He claims that he had
intended to marry Fannie months ago,
but he was unable to raise enough money
to reach Decatur. He had been away
shucking corn and did not know that
Fannie was anxious to have him come to
Decatur until he was arrested on the
state warrant that she had been compelled
to have issued from the office of
Justice Curtis.

The Post Inspection.

The division inspector, Captain James
A. Blair, of Hedges Post 347, Blue
Mound, has notified Commander Roberts
that he will visit Dunham Post 141, G.
A. R., to-morrow (Tuesday) night, and
inspect the same in due form. The Post
has a membership of 275, and every man
should be present. The Post will elect
new officers the first meeting night in
December. The present has been an
unusually prosperous year in the history
of the organization in the increase of
membership and in its benevolent work,
and K. J. Roberts has made a very effi-
cient commander.

Secretary Elect.

Saturday afternoon Mrs. Mary E.
Bradley was elected permanent secretary
of the Woman's Charitable and Industrial
Union. The headquarters of the Union
will be in the vacant room in the
Hawthorne block, east of Powers' shoe
store, where the secretary will be found
after November 23. Mrs. Bradley, who
is an active member of the Woman's
Relief Corps, is a lady who has a wide
personal acquaintance with the deserving
poor of the city, and her past experience
in benevolent work especially qualifies
her for duties as secretary of the Union.

Changing the Trays.

The imperfections of the new mail
boxes are being removed. The fault is
with the flap of the automatic tray, which
has been bent downward, so that in
future all mail matter dropped into the
boxes will go down and out of the way
without any trouble whatever. Post
office department to do this now. 'Tis well.

Coming to Decatur.

Rev. D. Weems, pastor of the M. E.
church, at Cerro Gordo, is in poor health,
and in the near future he intends locating
in Decatur permanently. The many
friends of Mr. Weems will be pleased to
know that he has a competency in his de-
clining years.

Advance in Rubber.

Owing to the revolution in Brazil,
from which country come thirteen-six-
teenths of all the rubber sold in the United
States, all rubber goods are expected
to advance in price. If you want rubber
shoes for winter, better get them now.

DECATUR, Nov. 18-19.

DECATUR double-screened nut, at \$1.50
per ton.

PEYKE & SON are the low price jewelers
of Decatur. Nov. 16-17.

Call for the Grand Opera House
5-cent cigar.

There was a top-heavy house out at
the Grand Saturday night to see "Casey's
Troubles." Some of the people were
clever, but there is little merit in the
play. The company will appear at Pana
to-night.
